## CARE AND MAINTENANCE

Varieties of materials are used in construction of “Outdoor” furniture range. All will require some form of maintenance to extend the life of finishes and general appearance. Please see below instruction unique to your chosen product.

### ***Valera Construction;***

Aluminium Frame:

Tempered Glass: With textured

Acrylic Fabric:

### ***Powder Coated Aluminium;***

Powder coating is similar to a painted finish, the metal is coated with a paint powder then is past thru a kiln to bond and harden paint onto metal.

Please follow below for regular cleaning

Bucket of warm water with a soft clean cloth or sponge, clean metal in one direction, do not rub excessively. Ensure to pat dry as water drop will leave a mark on paint finish.

### ***Glass;***

Used is tempered for your safety; best results are to use table cloths, placemats & coasters to avoid scratching surface. Keep dust free, clean underside of glass with a soft clean cloth. Use of normal glass cleaning product is permissible but please rinse surrounding areas with clean water to avoid damage to paint on aluminium frame

### ***Fabric Information***

Fabrics used in outdoor product are not made of any special type of material; they do however use blends of common materials such as polyester, olefin & acrylic which perform best for intended purpose. These fabrics are not impervious to fading or mould, ensure cushions are always dry and put away when not in use.

### ***Fabric Maintenance***

It is important to keep fabric free of dust and or debris. Please vacuum regularly.

Spot cleaning warm water & soft soap solution, sponge onto affected area till clean rinse area with clean sponge, pat dry with a soft clean cloth.

Stubborn stains may be removed with fabric cleaner or if available steam cleaning is ok providing covers are left on filling and on gentle setting.

Note;

Do not use bleach or solvent based cleaning product. PH Neutral cleaning products only.

Machine wash with maximum 40 degrees Celsius or hand wash only.

Rinse thoroughly with clean water and air dry or tumble dryer on low temperature.

For ironing, use max temp 150 degrees Celsius. Avoid steam pressing

Do not dry clean.

## CARE AND MAINTENANCE

### ***Definition of Regular Cleaning;***

Numerous factors can influence the time frame for cleaning, depending area you live in, the weather, positioning of the product (fully protected, partial protection, fully exposed to the elements). You will need to monitor yourself to establish the cleaning requirement for your unique situation.

Areas with high salt content and or pollution will require the most frequent cleaning. To reduce some maintenance you should buy and use an outdoor cover to protect your furniture from the elements when not in use.
