**Your furniture purchase is an investment. Here are a few tips to maximize the lifetime of your furniture with a minimum amount of effort. Properly caring for your furniture can help ensure that it looks great year after year.**

## **Wood Furniture Maintenance:**

Always dust, wipe, and clean with the grain of the wood.

Dust with a soft cloth. Dust will scratch the furniture surface if not removed properly.

If a polished surface becomes foggy, rub it with a cloth dipped in a solution of one tablespoon vinegar to one quart of water. Rub softly with the grain until the surface is completely dry.

Soap and water are not advisable for wood surface. Water can penetrate the finish and raise the grain on wood, causing damage.

Remember to change dusting cloths frequently as dirty cloths may scratch your furniture's surface.

## **The Enemies of Wood:**

Moisture is wood's worst enemy. Liquid spills should be gently wiped up immediately. Coasters should be used under all beverages.

Do not allow rubber or vinyl materials to lie on the furniture. Chemicals in rubber may leave a stain. Put a strip of felt or leather under accessories that have rubber or vinyl.

Heat creates a chemical change in the furniture's finish, which results in a white spot. Use protective pads under hot dishes, appliances, etc. Sunlight's ultraviolet rays can damage the finish of furniture. Do not place furniture directly against a heater or radiator and do not place in the path of hot streams of air from central heating. This will cause extreme localized drying of the wood.

## **Caring for PU fabric on dining chairs:**

Regularly vacuum or brush away dust and grit and wipe over with a soft clean dye-fast cloth.

Use a soft dye-fast cloth dampened with warm water or appropriate proprietary cleaner to remove accumulated perspiration and body oils as required. These can damage PU fabric if not removed.

Do not allow animals on fabric as their claws and teeth can scratch or tear fabric.

Do not allow hair spray and gels, alcohol, perfume, deodorants, dyes or medications likely to cause damage to come in contact with the fabric.

Remove such materials immediately if contact occurs. Do not expose to direct sunlight and direct or indirect heat.

Do not rub fabric repeatedly or with excessive force.

Do not use alcohol or spirit based cleaners, saddle soap, detergents, solvents, abrasives or any product containing silicone.

Do not dryclean or use drycleaning fluid or machine wash.

Do not use or leave outdoor.

If you require advice on the usage or care of your product, including appropriate cleaning materials, or are unsure on any other issue, please contact the store from which you purchased the item.

**BOLTS AND SCREWS MUST BE CHECKED AND RE-TIGHTENED AS REQUIRED EVERY 6 MONTHS**

## **VERY IMPORTANT!!**
